

## Certificate of No Objection BESTÄTIGUNG

A Certificate of No Objection was drawn up on 04.07.2008 following the submission of the vehicle (vehicle number: WV1 ZZZ 2EZ76 028153) with the modification design of your company:

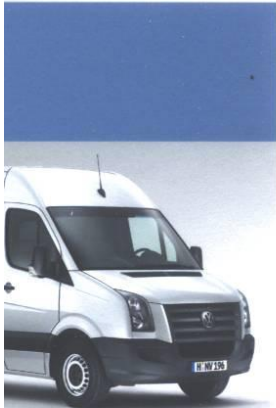

Basic vehicle: VW Crafter up to 3.5t

Assessed modification: Drive-Rite semi air suspension

Drive-Rite Ltd. bears full responsibility for ensuring that all changes made are independently implemented. The Certificate of No Objection only applies to the general compatibility of the named basic vehicle and for changes made to the chassis only for general applicability of the construction of the named chassis, respectively. For further information and, where applicable, additional requirements, please refer to the above-named document, whose entire scope extends to this confirmation.

Drive-Rite Ltd. is the manufacturer for installations and modifications and bears full responsibility for its installations and modifications. This will be documented against the end customer through two invoices, one for the basic vehicle the other for modifications made.
